| <b>Special Notes About Prescription Drug Coverage:</b><br>1. The pharmacy will dispense generic drugs unless the prescribing physician requests "Dispense as Written" (DAW) or a generic equivalent is not available. If the covered person refuses an available generic equivalent and the prescribing physician has not requested DAW, the covered person must pay the applicable co-payment <b>plus</b> the difference in price between the brand-name drug and its generic equivalent.<br>2. In accordance with the requirements of Health Care Reform, the Plan provides coverage for certain preventive care medications, including, but not limited to, certain FDA-approved contraceptive agents and smoking cessation products with a prescription, as well as breast cancer medications that lower the risk of cancer or slow its development, without any cost-sharing provisions such as deductibles or co-payments. For more information about eligible preventive care medications, the covered person can contact the Pharmacy Benefits Manager (PBM) using the information listed on the front of his/her identification card.<br>3. The term "specialty prescription drug" means a drug identified on the drug list maintained by the PBM that includes drugs typically used to treat complex medical conditions. Specialty prescription drugs may be injectable medications, high-cost medications, or have special delivery and storage requirements (e.g., they may require refrigeration). <b>Specialty prescription drug purchases will be limited to a 30-day supply, and prescriptions for such drugs must generally be filled through Lumicera Health Services specialty pharmacy or the drug will not be eligible for coverage under the Plan.</b> For additional information about specialty prescription drugs, including information about which drugs are currently on the PBM's specialty prescription drug list, the Covered Person can contact the PBM using the information listed on the front of his/her identification card.<br>4. The Plan requires that a covered person purchase self-injectable medications through the Prescription Drugs benefit. For more information about self-injectable medications, the covered person can contact the PBM using the information listed on the front of his/her identification card. |  |  |  |  |

Miscellaneous Plan Provisions for Plan B and Plan C

**Service Suggested for Authorization:**

Inpatient hospital admissions and observational stays at the hospital

**Mandatory Services Requiring an Authorization:**

1. Home and outpatient rehabilitative therapy
2. Rental and purchase of durable medical equipment
3. Home health care
4. Purchase of custom-made orthotic or prosthetic appliances
5. Oncology treatment
6. Inpatient hospice care and inpatient convalescent care

**Penalty for noncompliance: \$100 if an outpatient service, \$250 if an inpatient hospice or convalescent care service**

**Personal Care Physician (PCP).** A PCP must be selected when enrolling in the above Plan. PCPs are highlighted in the Physicians Care directory. When you seek medical services, contact your PCP, who will treat you or refer you to a specialist.

If a covered person's PCP refers the covered person to an out-of-network provider and that care is authorized through the Physicians Care referral process, eligible services will be paid at the in-network benefit level. If such care cannot be authorized through the Physicians Care referral process, services will be paid at the out-of-network benefit level.

If a covered person receives eligible treatment at an in-network facility, any anesthesiology, pathology, or radiology charges will be paid at the in-network benefit level, even if out-of-network providers performed those services.

**Coordination with Other Coverage for Injuries Arising out of Automobile Accidents**

In the event that a covered person is injured in an accident involving an automobile, this Plan shall be the primary plan for purposes of paying benefits and the covered person's automobile insurance shall pay as secondary.

**Coordination with Other Coverage for Injuries Arising out of Motorcycle Accidents**

The following special coordination rule applies regarding motorcycle accidents. If a covered person is injured in an accident that involves a motor vehicle, claims will be processed in accordance with the Plan's position on motor vehicle accidents.

**IF A COVERED PERSON IS OPERATING A MOTORCYCLE AND IS INJURED IN AN ACCIDENT THAT DOES NOT INVOLVE A MOTOR VEHICLE, THIS PLAN WILL EXCLUDE COVERAGE FOR THE FIRST \$20,000 IN ELIGIBLE CHARGES OR, IF GREATER, THE AMOUNT OF HEALTH BENEFITS PAYABLE BY THE MOTORCYCLE INSURANCE POLICY.** It is the responsibility of any covered person who operates a motorcycle to ensure that he or she is covered under a motorcycle insurance policy that will pay at least \$20,000 in health benefits for him or her per accident. This requirement applies even if the covered person is not legally required to have such health benefit coverage. If the covered person fails to maintain \$20,000 of coverage through a motorcycle insurance policy, the difference between the policy's maximum payout per accident (if any) and \$20,000 will be the covered person's responsibility.

A covered person who is riding a motorcycle as a passenger and is injured in an accident that does not involve a motor vehicle will not be subject to this provision and will not have his or her otherwise eligible claims excluded from Plan coverage as described above.
