A. General Information

ISDs serve as a central support system for all public, charter and non-public schools that operate within their district. There are 56 Intermediate School Districts (ISDs) or Regional Education Service Agencies (RESAs) in the state of Michigan. No two are exactly alike. Each bases its work on the specific needs of its constituent public school districts. All offer leadership, programs, and services in the areas of instruction, career and technical education, special education, technology, and business related functions. Berrien RESA serves 13 K-12 school districts, two K-8 school districts, three Public School Academies and 25 non-public schools within Berrien County.

	FY 2017-2018			
Total Budget	\$ 48,581,454			
Pupil FTEs	25,757.00			
RESA Employees	313			
Constituent Districts, PSAs, Nonpublic Schools	43			

B. Travel Information

As ISDs seek to provide leadership, programs and services to their constituents, staff seek out best practices, gain state and national educational perspectives, gather knowledge and skill levels that reflect the latest trends, innovations, and challenges. This requires more travel to conferences and trainings than you would typically experience in a K-12 school district.

C. Contract Information

ISDs occasionally enter into contracts with vendors to perform specific services that would not be cost effective or reasonable for the ISD to provide on its own. ISDs must follow state requirements for seeking competitive bids on some purchases. The Berrien RESA Purchases Subject to Bid policy (Policy #6320) follows the state requirements for competitive bids. During 2015-16, the state required that all purchases of supplies, materials and equipment in excess of \$23,230 and all building construction, addition, renovation or repair in excess of \$23,230 follow competitive bid requirements, except for proprietary items or purchases of supplies or equipment through group co-op purchasing programs which do not require bids or quotes. This policy further outlines the procedures for the development of competitive bids. Below are the contracts required to be reported under this section.

Subject Matter	Cost	Bid?	Signed by	Position

D. Contract Modification Information

Any contract modifications in excess of \$100,000 or that increased the total obligation to over \$100,000, or any contract modifications that were not competitively bid in excess of \$25,000 or that were not competitively bid and increased the total obligation to over \$25,000 for the 2015-16 school year are detailed below.

Modification Description	Additional Amount	Revised Total
None		

E. Salary, Expense Account, & Supplemental Compensation Information

ISD employees are typically categorized by classification. All classifications are normally established according to demands of the position, level of responsibility, job functions performed, credentials and skills required, etc. Each classification falls into at least one established salary schedule, which takes into account such factors as seniority in position or in similar positions, comparison to similar jobs elsewhere in the community, cost of living factors, etc. In addition, some classifications require travel inside and outside of the ISD, attendance at meetings, and attendance at workshops and conferences. Expenses for these activities are strictly limited in a budget approved annually by the ISD Board of Education.

Employee	Salary	Exp. Acct.	Reimb. Exp.	Suppl. Comp.
Superintendent	\$179,649	\$ -	\$ -	\$ -
Assistant Superintendent/Chief Academic Officer	\$140,067			
Director, Business & Finance	\$93,600			
Director, Career & Technical Education	\$99,960			
Executive Director, Human Resources	\$112,200			
Director, Early Childhood	\$99,960			
Director, Administrative & Instructional Technology	\$103,237			
Director, General Education	\$103,530			
Supervisor, Ancillary Services & Compliance	\$98,744			
Supervisor, Ancillary Services & Programs	\$98,744			
Principal	\$98,744			

F. Fiber Optic/Cable Equipment & Operating System Software for Fiber Optic/Cable Equipment Networks

Many ISDs utilize fiber networks which benefit students and the community. These high capacity broadband networks interconnect districts, improve the delivery of Internet, instructional, and administrative resources while reducing over-all costs. Through partnerships, ISDs, local schools, county and other governmental units, and Central Police Dispatch (911), have access to fiber wide-area networks that are more affordable for all partners.

Fund Source	Expenditures for Fiber Optic or Cable Equip. or OS Software
None	\$ -

G. Public Relations, Polling, Lobbying, and Legal Services

The 56 intermediate school districts (ISDs) or regional educational service agencies (RESAs) were created by the legislature in 1962 to bring about quality and equitable educational opportunities to students and schools throughout the state. Because public education is funded and regulated by the state and federal government, it is necessary for ISDs to use some resources to fund activities that promote public accountability, research, and government communications. The guiding principle for all activities of this nature is to advocate for the children we serve.

Vendor	Services	Amount
Thrun Law Firm	Legal Services	\$ 6,049.00
Clark Hill, P.L.C.	Legal Services	\$ 15,932.00
Secrest, Wardle, Lynch, Hampton, Truex & Morley	Legal Services	\$ 1,305.08

H. IRS Tax Form 1099s in Excess of \$25,000

Cost savings can often be realized by contracting with individuals for limited, specialized projects. For the fiscal year 2015-2016, the following projects and services were accomplished under contracts that exceeded \$25,000:

Name	Amount	Project(s)	Services
None			

I. Certain ISD Expenditures

Every organization requires leadership. ISDs within the State of Michigan have been charged by the Governor and the Michigan Department of Education to communicate, train, support, and lead educational initiatives defined by the state and federal government. Most recently these include, but are not limited to, the following: No Child Left Behind, high school graduation requirements, the Michigan School Improvement Framework, Common Core and the new Grade Level Content Expectations for the core subjects. ISDs are required by law to meet the individual and specialized needs of students within our region including the areas of Title I, Special Education, and Career and Technical Education. Berrien RESA utilizes the services of several legal firms (see Sec. G) to provide legal advice and to represent it when it is in the best interest of the Agency to do so. Berrien RESA neither employs nor contracts with any individual or agency for the purposes of Polling or Lobbying. The Agency employs a Supervisor for Communications. Approximately 15% of this position constitutes Public Relations.

	\$ Amount	% of Budget
Administrative costs	\$2,685,350.00	5.53%
Public Relations, surveys, polling, lobbying, legal fees	\$ 14,517.95	0.03%

J. Motor Vehicle Expenses

Because ISDs serve numerous districts, sometimes covering large geographic areas, certain vehicles might be provided for specific transportation needs.
