

Notice of Patient Protection

If your health plan generally requires the designation of a primary care provider, you have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. For children, you may designate a pediatrician as the primary care provider. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact ASR Health Benefits at (800) 968-2449.

You do not need prior authorization from the health plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. However, the health care professional may be required to comply with certain procedures, including obtaining authorization for certain services, following a pre-approved treatment plan, or following certain procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact ASR Health Benefits at (800) 968-2449.
