**Maturation:** Is this need or skill that will be influenced by biological maturation and “natural’ opportunities to practice? (Consider monitoring)

**Environmental Mediation:** Is the target skill likely to improve as a result of the child having access to learning materials or intentional arrangement or expectations of the learning environment? (Consider Supplementary Aides, Related Services, Intervention Plans)

**Peer Mediation:** Is the target skill likely to improve as a result of predictable or planned interactions with competent peers? (Consider Supplementary Aides, Related Services, Intervention Plans)

**Intensive Intervention (Critical Skills):** Will target skill require immediate intervention? (Consider ALL options)
